

BURNER SYSTEMS READY TO INSTALL FIRE PIT SYSTEMS

THERMOCOUPLE FLAME SENSE (TFS)

The TFS Electronic Ignition System is our most featured system. Lighting the fire is at your fingertips using the provided On / Off / High / Low remote control. No power is required for the system to work, it requires only 4 AAA batteries, allowing you to place it virtually anywhere. But, even if you want to run it on power, add our A/C adapter (AF-4000ADP2480).

ACCESSORIES: E-STOP | CONTROLS | AF-4000HAT (HOME AUTOMATION) | AF-4000ADP2480 (110V ADAPTER) | LIDS | WINDSHIELDS

THERMOCOUPLE MANUAL SAFETY with SPARK IGNITION (TMSI)

New for 2018 we have combined our popular TMS (Thermocouple Manual Safety) System and MSI (Manual Spark Ignition) to create our new Fully Assembled, TMSI Certified Systems. The TMSI System combines convenience, variable flame and safety features. Lighting the fire is as simple as pushing a button. Once lit, the flame is fully adjustable at the valve knob which features a safety shut-off that turns the gas valve off in case of flame loss.

30" | 36" | 48" | 60"

ACCESSORIES: E-STOP | LIDS | WINDSHIELDS | VENT KIT

*Also available in "H" style burners

MATCH THROW (MT)

Simple and easy to operate, the Match Throw (MT) System combines convenience and variable flame. Lighting the fire is as simple as lighting a butane lighter or match, placing the flame near the burner and slowly turn the key to operate the valve. Once lit, the flame is fully adjustable at the key valve.

FEATURES

- Available in round, square and linear styles
- Simple assembly, typically around 30 minutes or less
- Automotive quality powder coat finish on all metal parts
- Supports up to 700 lbs.
- Heavy duty leveling legs with large flat pads
- Custom designed packaging protects the AnF from shipping damage
- Custom skid allows for stacking up to 3 high (Round Design)
- Knockdown design for ease of installation
- Individual sections are easily transported to the job site
- No heavy equipment required
- 5 Year Limited Warranty

ROUND

SIZES
42" | 48" | 60"

SQUARE

SIZES
48" | 60"

LINEAR

SIZES
48" | 66" | 74" | 96"

ASSEMBLY

Using the 8 screws for the body, 8 screws for the pan supports, and 4 leveling legs, construct the AnF and place it in your desired location.

PACKAGING & SHIPPING

Each AnF cabinet ships on its own specially designed skid. Round units can also be stacked three high for storage.

BLOCK & PAVER ACCESSORIES

FLEXFRAME

The Flexframe allows you to fill the gap between the inside opening of a fire pit and the size of the burner pan or disc. The flex frame allows you to easily remove the burner system without having to move any pavers or architectural block.

The Flexframe can be bent or cut to fit any shape (square, linear, round) fire pit.

Engineered to protect against outdoor elements including salt water environments.

Two (2) 44" pieces per package.

Available in Stainless Steel & Zinc Epoxy Coated 16 Gauge Galvanized Steel.

CONTROL PANELS

Firegear offers a wide range of paver kits in order to make your existing fire pit as feature full as you desire.

PAVER-KIT-MT

For use when building fire pit enclosures with pavers or architectural block used with Match Throw "MT" burner systems.

PAVER-KIT-MT-MSI

For use when building fire pit enclosures with pavers or architectural block used with Match Throw "MT" burner systems.

PAVER-KIT-TMS2

For use when building the fire pit enclosures with pavers or architectural block and Thermocouple Manual Safety "TMS" and Theromocule Manual Safery with Spark Ignition "TMSI" burner systems

VENT KITS

Our vent kits are compatible with any type of paver or architectural block. It is important that you achieve proper cross ventilation (air flow) so that gas is not trapped underneath the burner system.

PAVER-VENT-4LNT

Paver Vent Kit with Lintel:
Includes: Two (2) 3 5/8" tall x 8" wide vents with mounting plate, two (2) Tapcon concrete anchors, lintel and extension to increase overall width up to 10" vents.

PAVER-VENT-6LNT

Paver Vent Kit with Lintel:
Includes: Two (2) 5 5/8" tall x 8" wide vents with mounting plate, two (2) Tapcon concrete anchors, lintel and extension to increase overall width up to 10" vents.

Fire pits are subjected to many outdoor elements such as rain, snow, wind, heat or cold. A minimum of 18 square inches of cross ventilation (2 sides) is required to keep the components in good working order.

LOG SETS For your fire pit

*LAVA ROCK NOT INCLUDED

SPIT FIRE MODEL# L-SF

This seventeen (17) piece refractory log set is a great alternative to enjoy your fire feature without the mess of real wood and ashes.

- Compatible with pits larger than 19"
- Refractory concrete material
- Ships as one (1) box, weighs approx 52 lbs.
- Five (5) Year Limited Warranty

*LAVA ROCK NOT INCLUDED

BEACH FIRE MODEL# L-BF

The modest version of the Spit Fire, this eight (8) piece set is designed for smaller fire pit burners or used as an accent piece on larger burners.

- Compatible with pits smaller than 20"
- Refractory concrete material
- Ships as one (1) box, weighs approx 20 lbs.
- Five (5) Year Limited Warranty

*LAVA ROCK NOT INCLUDED

SEDONA MODEL# L-SEDONA

The Sedona is the Grand Daddy of all the Firegear log sets. This nineteen (19) piece majestic fire pit log set can stack as high as 32".

- Compatible with pits larger than 25"
- Refractory concrete material
- Ships as one (3) boxes, weighs approx 200 lbs., ships LTL
- Five (5) Year Limited Warranty

*LAVA ROCK NOT INCLUDED

DRIFTWOOD TWIGS MODEL# 326-930

Beach washed and twisted driftwood twigs inspired this design. The coloration in this six (6) piece log set is truly unique.

- Compatible with any size fire pit
- Ceramic fiber composition
- Ships as one (1) box, weighs approx 22 lbs.
- One (1) Year Limited Warranty
